

## **DOTMATRIX / IMPACT PRINTERS**

for multicopy and multipart printing  
Printers available with Arabization

### **Compact, Reliable and Rugged for all Professional Applications**

The impact/dotmatrix printers offer the highest output quality with lowest cost per page. The printer allows flexibility of handling variety of papers and multi-copies of 5 - 8 including the original using a continuous paper instead of cutsheet. Dotmatrix models are available with full Arabization.

#### **Advantages:**

- Cost effective and easily available
- Multi-copy printing not feasible with other printers
- Lowest printing cost per page
- High yielding ribbons with several million characters
- Continuous paper prevents frequent change of paper
- Rugged for extreme environments of industries
- Minimal maintenance
